Community Generosity Makes Toy Drive a Success

Kerrville, TX – Five Star Wireless management and staff celebrated the impact their annual toy drive had on children in the communities they serve. Local members of the community joined Five Star Wireless by donating toys during their annual Toys for Tots toy drive. Over 50 toys and \$3290 were donated to local organizations who distributed toys to deserving children throughout the Five Star Wireless service area.

“We want to thank everyone who supported the toy drive. The total contributions totaled over \$3790!” Five Star Wireless Marketing Manager Bill Stacy said. **“A toy at Christmas lets children in our community know they are special and someone cares about them.”**

Five Star Wireless collected toys and encouraged participation in their annual toy drive by offering free wireless phones and various discounts to those donating toys. For more information on Five Star Wireless, contact Bill Stacy at 830.896.1200 or visit online at www.fivestarwireless.com.
